Hey Adam,

Wanted to let you know that we are ready to proceed. We will send a wire transfer later this week but I have signed the contract in the meantime. We are getting closer! I would really like to get the other pieces of the puzzle involved for the kickoff meeting (ie chemist, nozzle/actuator) so let's keep that in consideration when scheduling the kickoff meeting. I am attaching my entire team to this thread.

Looking forward to next steps! Speak soon.

Very respectfully,

Jacob Bevier
